AS-6005 Door Trim Butyl Sealant

ALSEAL Door Trim Butyl Sealant is an ever-tacky, black-colored sealant with good adhesion strength. It offers a fast and clean method for sealing uneven gaps between car door trim and the main door frame.

Applications:

Ideal for volume car door production, where greater dimensional accuracy and lower waste are required. Shorter strips can also be used for sealing wires and electrical harnesses within the car door structure to prevent water tracking.

Available colour: Black

Features:

- ✓ Good adhesion
- ✓ Fast and clean method
- ✓ Maximum compressibility
